Editor Restitution:—Wholesome are praying for the Lord to come quickly and take the saints away and *burn* up the world, I would sooner pray for the salvation of the world. We must pray for our enemies and for those that despitefully use us. We are very much isolated from all the brethren, as I know of no one of the One Faith in this part of the country. We have no one to preach to us and instruct us except Brethren T. Wilson, N. H. Barbour, and THE RESTITUTION, but feel that we are well instructed. We should be happy to have some of our brethren take it in their hearts to come this way and give us a few good lectures. Yours, hoping to meet all in the kingdom.
